## NEW MEMBERS

No New Members this month!!...Lets get with it folks...sign up a friend, give the Rag Picker as a Christmas gift.

### DECEASED:

Jim Greene, Member #486  
Sparta, North Carolina

Members are invited to send in information or tributes to deceased members. We owe a great deal to the collectors who preceded us. Were it not for their efforts in preserving our fragile pieces of collectible paper our hobby would be much the lesser.

MAX BRAIL: I received the news of the death of Max Brail prior to the publication of the last issue of the Rag Picker, but hesitated to comment, as I was awaiting input by one who knew Max better than I.

I first met Max at a Michigan State Show a number of years ago, and although he didn't know me from Adam, we spent an hour or so discussing paper money in general, Fractionals, Carnegie Life Saving Medals, and "the good old days of collecting"...I found him to be a charming and extremely well informed collector.

PMCM member Martin Delger was presented with a special Exhibiter's Award at the Michigan State Show this Thanksgiving time. The award was donated by Max Brail's family in memory of his interest in and support of Exhibiting.

MAX BRAIL was a Director of the Paper Money Collector's of Michigan and he will be sorely missed.

### EDITOR'S NOTES:

Where is HE??

Bob Thiel is unable to contact Life Member James W. Thompson of Clarksburg West Virginia. Bob's letter with Mr. Thompson's membership card was returned.

### 50 YEARS AGO IN NUMISMATICS

Hawaii currency was in use by the October issue of the Numismatic Scrapbook in the islands. It was also in circulation on Midway, Johnston and the Palmyra

islands.

U.S. Treasury officials removed many millions of U.S. Dollars and Philippine Pesos from Manila to Corrigidor on Christmas Eve 1941, under bombing attack. The currency was subsequently destroyed under heavy shell fire.

Upon entering the invaded countries of Europe, the enemy was quick to seize all U.S. Dollars and Dollar securities. One of the first steps taken by the Germans upon entering Paris was the issue of a decree requiring the opening of safety deposit boxes and delivery of contents to occupying authorities.

The ANA convention was held in Cincinnati and the proceedings were published in section II of the October 1942 Numismatist. The remarks, especially a speech by the Mayor of Cincinnati, James Stewart were of particular interest. It seems to me that we were probably more in concert as a nation during WWII than at any other time in our history...all in support of the "boys"...that was a reminder to me of my grandmother knitting mittens and dickies for the "boys"...saving tin foil, and my special job of mixing the food coloring into the oleo so it would look like butter, and fit to eat.

The final alloy for the war nickel was approved...35% silver, 56% copper, and 9% manganese...the manganese to give the coin the necessary magnetic properties for operating coin mechanisms, telephones, subway turnstiles, etc.

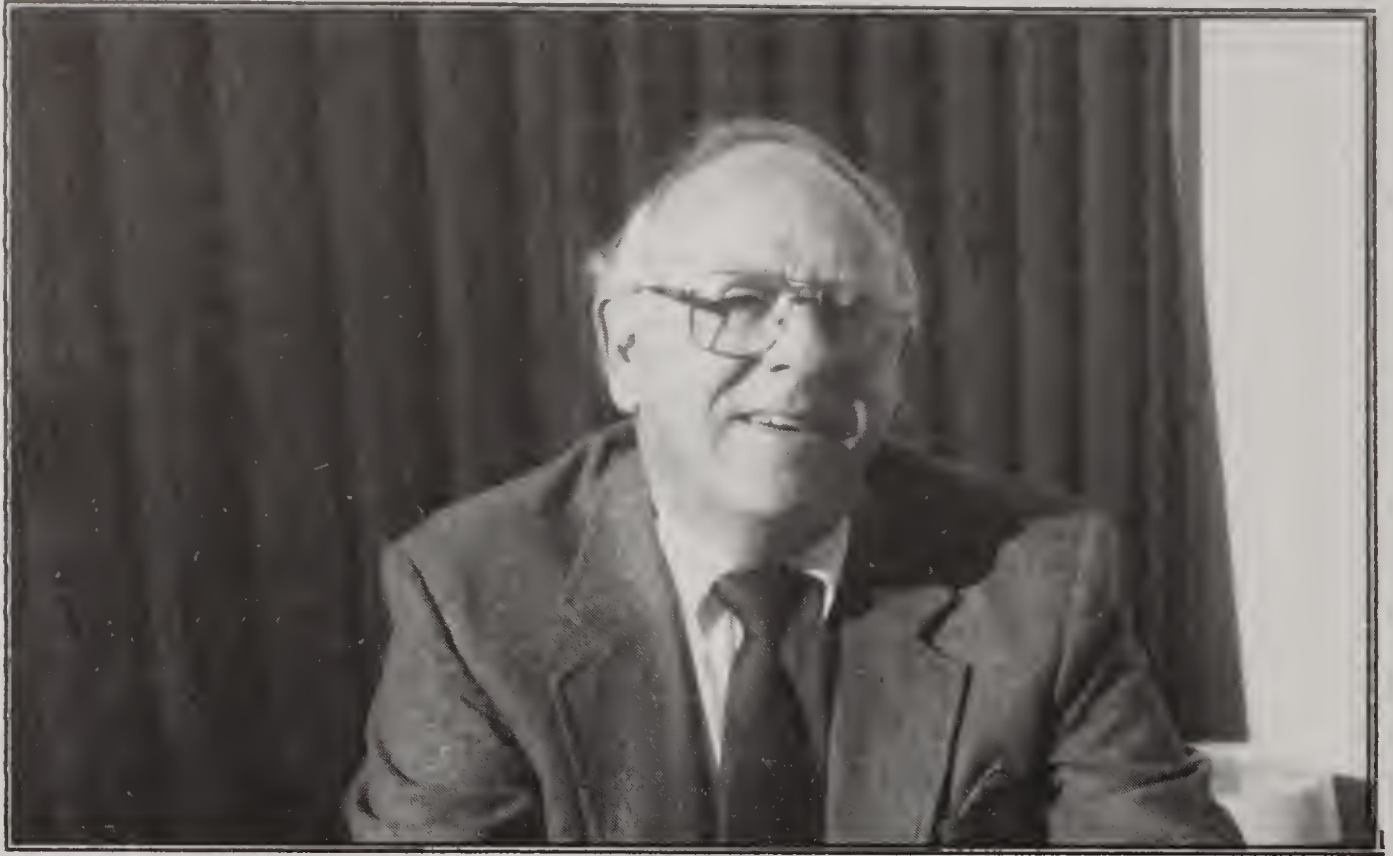

Frank G. Duffield retired as editor of the Numismatist after 27 years of service.

Under numismatic briefs in the November, 1942 Numismatist "When you want to spend a little time with a coin note of 1890, it might be interesting to try to locate the reverse plate number."

At the 96th meeting of the Milwaukee Numismatic Society at the Phister Hotel, ANA General Secretary M. Vernon Sheldon, graciously showed his kodachromes which were very interesting to the membership.

The cessation of U.S. Gold mining activities in favor of war oriented metals has England in a stew as they question what the ramifications will be to the world economy.

## PRESIDENT'S MESSAGE

The Michigan State Show in Dearborn was held just after Thanksgiving on Nov. 27-29. It was a real Bell Ringer, letting everyone know that the economy is turning around and should start a new upswing. Attendance was extremely high, and everyone was in a buying mood, gathering up new acquisitions for their collections. I sold more at this show than in any of the last three shows from my table. Nearly all the dealers said about the same thing. Hopefully the economy will continue in the upswing. It will, however, take a while as all the foreign countries are having their financial woes as well as the U.S.

Our exhibits for PMCM this fall were all so nice it was difficult to find a clear winner so it was judged as a three way tie for first place. The three were Joe Mikolajczyk (\$1 FRN District Sets), Bill Brandimore (US Fractional Currency), and Rick Hoff (Notes of the Confederate States of America). Also there were a number of other paper money exhibits that were non-competitive. Some Foreign paper and Scrip exhibits were exceptionally. Paper Money exhibits outnumbered

the exhibits on coins.

I had nine cases on MI Nationals, Mort Delger had five cases on Kalamazoo Nationals and also exhibiting paper money were Larry Falater, Frank Passic, Gayle Pike, Danny Rothfield and Henry and Julius Dudzinski. A great turnout for the paper money collectors. A lot could have been learned by those who took the time to look them over...and let their tongues hang out because they didn't own them. I hope we have as many exhibits for the Spring Show in Flint, April 23-25.

Kurt Krueger held the auction at the MSNS and he had a big group of small size Michigan Nationals to sell. They were all lower grade, VG or so, but some were really rare. They got spread around pretty well so that most of the willing bidders got a few for their collections. There were a lot of type 2 notes, and these were eagerly sought after. The Paper was last on the agenda so we didn't get out of there until around 1:00 AM. It made for a short night's sleep.

The next big show is the F.U.N. show in Florida, January 7-10. I love this show down in the land of sunshine (you never have to shovel snow, Ha!) I always see a lot of the Northern crew down there, so as you can see. I'm not the only one that likes Florida in January. Good Collecting and Enjoy,

Dr. Wallace Lee, Pres. PMCM

OUR COVER THIS MONTH. This month's cover features a Christmas Club check issued on the Negaunee State Bank, December of 1923. It is quite colorful in red and green. This is a collecting area that seems to have been featured several times recently in BNR...certainly interesting.

Corrections: Doug Murray was kind enough to bring to my attention some corrections and mis-information that was reported in this space in the last issue: In error I reported that the check plate numbers had been removed under the new Web printing process...wrong...the numbers are still there, but the letters that indicated plate position are no longer germane, so they're history. Also the L-Q notes I reported under Fort Worth for May 92 should have been L-G.

Speaking of WEB printing, this from member Dave Paskausky: "Last week (9/28/92) I was buying gas on credit and bought lotto tickets for cash here in Groton, CT. The agent was counting out change and thought he had two ones stuck together (thick). He asked me to check if it was right. I did and noticed the thick note was miscut, i.e., part of bottom of above note showed. When I got home it was a WEB note F-----L with the green numbers way off set and miscut. Face #2, Back #1. The paper was good, threads, etc. but are they making it thicker to handle the strain of the WEB process pull?...a gas jockey can notice."

On October 19, 1992 the Director of the Bureau of Engraving and Printing, Mr. Peter H. Daly announced the formation of the Securities Technology Institute. The primary mission of the Institute is to develop the Bureau's capability to design, test, and evaluate currency and other security documents.

The Institute will serve as the central depository for information regarding government securities manufacturing and counterfeit deterrence technology. Additionally, it will act as a training center for federal agencies in this field and provide forensic assistance to law enforcement organizations.

Mr. Thomas Ferguson, Assistant Director (Research and Development), has been appointed Project Director for the development and operation of the Institute and Mr. Ira Polikoff will serve as Mr. Ferguson's Deputy.

"The nature of counterfeiting as a criminal activity, which has been effectively addressed by law enforcement techniques, is changing. Its sophisticated international scope demands a highly technological response. The Bureau of Engraving and Printing continues its commitment to the integrity of U.S. currency by establishing this institute, and dedicating the resources necessary to develop an array of advanced counterfeit deterrence technologies appropriate for U.S. currency. We are in support of the law enforcement efforts of the U.S. Secret Service." Mr. Daly said.

CLUB NOTES: Chester County Club continues to prosper, Doug Walcutt held the membership in thrall for an hour with the "best" presentation of the year...National Bank Note Types. The GENA show dates are March 5 and 6, 1993 at the Maple Shade Inn, Maple Shade, N.J. If there is interest Bill Horton will arrange a room for a PMCM meeting...how about it?

The Farmer's And Merchants Bank, Pilot Point, Texas  
By Frank Clark PMCM #2104

Pilot Point is in the Northeastern corner of Denton County on a high ridge. Pilot Point got its name from a large grove of Post Oak timber extending out into the prairie on this high ridge. Since there were no roads in the early days people traveled by visible objects as guides and this grove could be seen for miles and was used as a "pilot" to the traveler. From this fact Pilot Point received its name.

Pilot Point was first settled in 1846. In 1860 the town was plotted and laid out. From these beginnings Pilot Point grew to become an important center in Denton County. This was reflected by the fact that around the turn of the century Pilot Point had three banks. These were the Pilot Point National Bank, The Farmers and Merchants Bank and The First State Bank of Pilot Point. This article will concentrate on the private bank in town, The Farmers and Merchants Bank.

The Farmers and Merchants Bank opened for business on January 2, 1896 in their elegant quarters on the west side of the town square. The founder of the bank was Colonel D.W. Light. He was assisted by his two sons, D.W. Light Jr. and G.E. Light. This family was highly respected. The first Cashier of the bank was C.L.Stone. He was a Cashier from Henrietta, Oklahoma who had been recruited for the new Bank.

The following is a roster of the officers throughout the years of the banks existence:

President  
D.W. Light Sr.  
D.W. Light Jr.  
G.E. Light  
Cashier  
C.L. Stone  
G.E. Light  
Gordon Elmore  
J. Earl Selz  
B.A. Bugby

Vice President  
D.W. Light Jr.  
G.E. Light  
Joe B. Burk  
Assistant Cashier  
G.E. Light  
R.L. Massey  
R.A. Chance

The Great Depression took its toll on the nation's banks. this also affected the Farmers and Merchants Bank. The Bank's Directors began the voluntary liquidation process on November 28, 1931. On December 1, 1931 the process was complete and a small town Texas bank passed from the scene. However, it did enjoy a brief moment of glory in the 1967 movie "Bonnie and Clyde". The exterior of the bank was used in a scene depicting a bank robbery getaway and shootout. Today the building houses an antique shop.

That's the list...please excuse any typos. My next question...is how do you become a Life Member??

*Season's  
Greetings*

Illustrated below are 2 FRN's. On the right is a WEB printed note, on the left, the standard plate printed product. Note the face #2 on the WEB note vs. the Face# and plate position letter on the standard note. Notes courtesy of Robert Thiel. The paper does feel a little thicker on the WEB note...maybe it's my imagination.
